

THE WEATHER ON CHRISTMAS

Terrassa is located in the province of Barcelona. This city has a Mediterranean weather, which means that the sea has a warming effect in winter. However, December is the coldest month of the year in Barcelona but it is not as cold as in the rest of Spain.

The average maximum temperature is 14°C or 57°F while the minimum is 6° C or 43°F.

This year we have had lots of sunny days in winter, in fact, it only rained 4 days.
